Student Project Submission Checklist

- [x] I have read all of the instructions for this project.

- [x] I have read the "How You'll Be Graded" section for this project.

- [x] I understand what I need to do to receive a Meets or Exceeds Expectations grade. If I needed, I have asked for clarification about grading requirements on Slack.

- [x] If needed, I have used Slack to get help from my peers.

- [x] If needed, I have used Google, Stack Overflow, and the Treehouse Community to find answers.

- [x] I may have sought outside resources, but this project is overwhelmingly the product of my own work.

- [ ] I have had my project peer reviewed in Slack.

- [x] If applicable, I have tested my code and it runs as expected, without errors, for all simulators/devices specified for this particular project.

- [x] I am reasonably sure that my project fulfills the "Meets Expectations" requirements and will receive a passing grade.

Student Project Resubmission Checklist

- [ ] I have fixed all the errors that were pointed out by the Project Reviewer.

- [ ] If uncertain about my feedback, I have asked for help in Slack.

- [ ] I have asked for another peer review in Slack.

- [ ] I have made sure that any changes to my project have been pushed to GitHub.

- [ ] I have left comments for the Project Reviewers about the changes I've made to my project.
